

CANADIAN TRAFFIC EDUCATION CENTRE  
**SKILL ASSESSMENT**  
 ENHANCED DRIVER ASSESSMENT

**FLEET RISK MANAGEMENT**  
**OBJECTIVE DRIVER ASSESSMENTS**

SAVE TIME, MONEY, AND ENERGY ON TRAINING AND RECRUITMENT WITH ONE-ON-ONE DRIVER SKILL TESTING.

HIGH, MODERATE, OR LOW RISK? EACH DRIVER IS OBJECTIVELY ASSESSED AND CATEGORIZED, MAKING THAT HARD DECISION EASY.

**2 TO 3 HOURS**

**COMPLETELY ON-ROAD**

**DRIVER SCREENING**

**\$125.00 PER HOUR**  
 \*EDMONTON AND SURROUNDING AREAS

**ENHANCED DRIVER ASSESSMENT (EDA)**

Each driver completes an on-road assessment in various driving environments with typical regional hazards and conditions. Specific routes or terrain may be incorporated, as needed.

**PRE-HIRE ASSESSMENT**

Driver abstracts don't provide all important details. Save time and money on recruitment, hiring, and training by identifying potential high or moderate risk drivers before they are hired!

**POST-INCIDENT ASSESSMENT**

Does an employee pose a potential risk to the organization? An incident can result from many factors, receiving an objective assessment provides you with the means to take meaningful action.

'In 2010 business' in the Capital Region paid an upwards of **\$11,000** for a collision not resulting in personal injury.'

Capital Region Intersection Safety Partnership (CRISP) Collision Cost Study, 2010

**TRAINING VS. ASSESSMENT**

Provide your employees with a purely objective assessment, or treat it as a training opportunity. CTEC Instructors will review risky driving habits, and can train drivers to correct bad habits.

**CUSTOMIZATION**

Some assessments may need a custom route. As needed, EDA's can be done as a casual one-on-one drive, or on a customized route or terrain.

**Call for A Custom Route or Terrain Request!**

**DRIVER RISK ASSESSMENT**

<p><b>HIGH</b></p> <p>Driver violated the Traffic Safety Act, or shows insufficient competencies.</p>	<p><b>MEDIUM</b></p> <p>No unsafe acts, but some skills may need improvement.</p>	<p><b>LOW</b></p> <p>Demonstrated competency.</p>
